

FYIsoft Appoints John O'Connell as President

NAPLES, FL – June 19, 2017 – FYIsoft, a leading provider of cloud financial reporting software, announces that John O'Connell has been appointed President. In this role, Mr. O'Connell oversees the operations of FYIsoft and the building of strategic partnerships that will meet the growing demand for better reporting solutions among financial professionals.

Mr. O'Connell joined the Company in 2016 as Vice President of Business Development, bringing more than 25 years of management experience in the enterprise software and financial services industries. He has successfully led sales, development, operations, and professional services teams that provided significant and measurable growth for companies such as Oracle, Merrill Lynch, KPMG, and Sybase (an SAP Company).

This unique background - combining technical knowledge of cloud architecture with strong business development skills - ideally equips Mr. O'Connell to lead FYIsoft's next evolution of growth.

"This is the ideal time to propel FYIsoft into new markets and I am excited about the potential for explosive growth," said John O'Connell. "Today's CFOs satisfy incredibly complex regulatory, tax and financial reporting requirements within tight financial close timeframes. FYIsoft enables faster, more accurate reporting and is proven to save several days with every period close. This is invaluable time that the CFO regains that can now be used for analysis and strategic insight."
